***REASONS FOR ALLOWANCE***

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendments filed on 6/5/06 and 8/15/06 overcome the technical deficiencies and the art rejection. Claims 1-17 and 19-24 are allowed because the prior art of record fails to suggest "circuitry coupled to receive a clock signal having a frequency/ and to output a first signal in phase with the clock signal at one-half the frequency/and a second signal one hundred eighty degrees out of phase with the first signal, the circuitry coupled to receive a complementary clock signal having a duty cycle of approximately fifty percent and the frequency  $f$  and to output a third signal ninety degrees out of phase with the first signal and a fourth signal one hundred eighty degrees out of phase with the third signal; and an exclusive OR circuit coupled to receive the first, second, third, and fourth signals and to output a second clock signal having a duty cycle of approximately fifty percent and the frequency".

***CONCLUSION***

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
